Students who study abroad say that it is a life-changing experience. Whether you spend a semester, a summer, or a year abroad, living and learning in another country will open the doors to unique personal and professional experiences as well as improve foreign language skills. Some programs enable students to work as volunteers or interns during their stays and combine language and culture courses with their academic work. The Office of Study Abroad (https://www.canisius.edu/study-abroad) and International Partnerships (https://www.canisius.edu/global-education/international-student-programs) is continually improving and increasing the options made available to Canisius students interested in expanding their horizons.
