Students who study abroad say that it is a life-changing experience. Whether you spend a semester or a year abroad, living and learning in another country will open the doors to unique personal and professional experiences as well as improve foreign language skills. Some programs enable students to work as volunteers or interns during their stays and combine language and culture courses with their academic work. The Office of International Partnerships and Study Abroad is continually improving and increasing the options made available to Canisius students interested in expanding their horizons. Some of the programs listed below also offer opportunities for graduate students to study abroad for a summer or semester. Please check with the Office of International Partnerships and Study Abroad about details for graduate study abroad.
