Degree: Master of Science

Introduction

Leading a school organization is one of the most demanding and rewarding careers. School leaders are expected to possess sophisticated decision-making skills that incorporate expertise in data analysis, research-based instruction and learning, analysis of political trends and mandates, and the study of the impact of the community on education. Students in the Canisius College Educational Leadership Program are expected to enroll with not only the desire to be a leader, but also with an experience of excellence as an educator.

The Canisius College Educational Leadership Program is designed to assist candidates in acquiring the knowledge, skills and dispositions essential for a successful career as a school leader. This competency-based program leads to a New York State School Building Leader license (SBL), a New York State School District Leader license (SDL), and a master’s degree in Educational Leadership. Students may apply for the SBL and/or the SDL upon completion of the SBL/SDL required courses and internship. The MS in Educational Leadership is not required for certification.

Possession of the SBL certificate is necessary for employment in the public schools of New York State in leadership roles such as building principal, assistant building principal, supervisor, coordinator, or any position in which a person is serving more than 25% of an assignment in an administrative or supervisory position. An appointment to positions such as superintendent of schools, deputy superintendent, associate superintendent, assistant superintendent, or any position with district-wide administrative responsibilities requires an SDL. More information can be found at the program website (https://www.canisius.edu/programs/educational-leadership-and-supervision).

The master’s degree in Educational Leadership may not be used to meet New York State requirements for professional certification in teaching.

Course Offerings

All of the required courses for the SBL and the SDL are taught in an online format. Some required courses and electives are taught on-campus as necessary. All courses required for certification are offered every semester. Electives required for the MS are offered each semester, but not all electives are offered every semester. Internship placements are coordinated with the candidate and take place at a site in the candidate’s local geographic area.

Admission Requirements

The applicant must submit the following:

- Free Online Application (https://www.canisius.edu/admissions/apply-canisius)
- Bachelor’s Degree Transcript. Unofficial transcripts are acceptable to begin the admissions review process. Applicants for the Fall 2016 semester and beyond will be expected to have a 3.0 undergraduate GPA, as required by New York state law. Applicants with less than a 3.0 undergraduate GPA will undergo additional review.
- Master’s Degree Transcript. Unofficial transcripts are acceptable to begin the admissions review process, however, your official transcript must indicate the conferral of a master’s degree from an accredited institution of higher education, with a minimum 3.0 cumulative grade point average.
- Submission of a Verification of Teaching/Pupil Personnel Experience Form (PDF) (https://www.canisius.edu/sites/default/files/%2A/eda_ver_teach_form_1.0.pdf) or NYS Professional Certification which requires three (3) years of successful full-time teaching and/or pupil personnel service experience in Pre K-12 schools.
- Submission of three (3) Recommendation Forms (PDF) (https://www.canisius.edu/sites/default/files/%2A/eda_recommendation_form_1.0.pdf) or letters of recommendation from professional educators, one of whom must be a certified school administrator familiar with the applicant’s work as a professional educator.
- An applicant may be required to meet with the program director or designee.
- Canadian and other international applicants must provide a completed Certification of Finances form.

Students will:
• Act with integrity and fairness to ensure a school system of accountability for every student’s academic and social success and will model principles of self-awareness, reflective practice, transparency, and ethical behavior.

Learning Goal 5 (Leadership)
Candidates will become adept at applying their acquired knowledge in the process of evaluating their own professional performance and decision-making with respect to its impact on students and/or clients, organizations, and the wider community.

Students will:
• Understand and evaluate potential moral and legal consequences of decision making in the school (district) and will promote social justice to ensure that individual student needs inform all aspects of schooling.
• Understand and can anticipate and assess emerging trends and initiatives in order to adapt school (district)-based leadership strategies in an effort to improve the performance of the students.

Courses
EDA 600 Theory in Educational Administration
This course is designed as an introductory course in school administration. The course is intended to give candidates an overview of the forces that drive education today. Through independent and group work, candidates will investigate leadership/management styles, change forces, organizational models, and schools for the 21st century. Candidates will explore theories as they may relate to the forces reshaping our schools. Topics such as organizational models, characteristics of leadership, change systems, vision development, and school design may be investigated. Required for SBL, SDL and Master’s degree.
Offered: fall, spring, & summer; online only.

EDA 610 School Law
Candidates will have the opportunity to learn the principles of public school law with a focus on New York State Education Law and selected federal and state cases affecting the administration of our educational system. School leaders are facing an ever-increasing demand to make appropriate and legal educational decisions. To assist in this endeavor, one must have a working knowledge of basic school law. The goal of this course is to empower the candidate with the knowledge of how laws affect schools and how laws are applied to school situations. A focus on practical acts of school law is emphasized. Topics include, but are not limited to, student residency, attendance and discipline; freedom of speech; search and seizure; FERPA; IDEA; LRE; and employee rights. Required for SBL, SDL and Master’s degree.
Offered: fall, spring, & summer; online only.

EDA 620 Supervision for the Improvement of Instruction
This course will focus on the critical role of effective instructional supervision in the development of positive school culture. Candidates will examine staff development, observation techniques, and formative and summative teacher evaluation. Supervision techniques will be explored, including: mentoring and peer coaching, as well as clinical supervision. Required for SBL, SDL and Master’s degree.
Offered: fall online, spring online & summer on-campus.

EDA 625 Instructional Program Design
This course will give candidates a comprehensive overview of the concepts, strategies, and resources associated with planning, implementing, and evaluating school curriculum. Candidates will investigate the historical, philosophical, psychological, sociological, and political factors associated with curriculum programs. Additional attention will be focused on various techniques to customize learning experiences and staff development activities that support curriculum change. This course will combine the theoretical with the practical, in order to develop the knowledge, skills, and dispositions that will prepare candidates to effectively develop, implement, and evaluate specific curriculum programs. Required for SBL, SDL and Master’s degree.
Offered: fall, spring, & summer; online only.

EDA 630 School Personnel Administration
This course is designed to provide candidates with an overview of school personnel leadership, including the myriad of duties and responsibilities of the office of human resources. Candidates gain the knowledge, skills, and attributes involved in leading both professional and non-professional staff. Issues having to do with leadership and organization of school personnel will be addressed. Exploration of topics such as recruitment and selection; induction; professional development; supervision and evaluation; discipline and dismissal; the work environment; compensation and benefits; administering employee contracts; and legal issues in personnel management will be included. Required for SBL, SDL and Master’s degree.
Offered: fall, spring, & summer; online only.
EDA 640 School Business Administration 3 Credits
This course is designed to provide candidates with an overview of the major areas of responsibilities of the school business administrator. Financial support for public schools from local, state, and federal governments will be emphasized. Fiscal planning, budgeting, plant management, accounting and purchasing procedures, distribution of supplies and services, transportation and food service will be examined. The course will underscore the crucial role of the school business administrator as a key member of the district’s leadership team. The course is also designed to provide candidates with an understanding of how the school business administrator can facilitate educational decision-making, thereby having a positive effect on student learning. Required for SDL and Master’s degree.
Offered: fall, spring, & summer; online only.

EDA 650 The Principalship 3 Credits
The candidate will study the wide range of responsibilities of the principal as both manager and educational leader. Topics include establishing a common vision and purpose with stakeholders, working collaboratively to achieve common goals, developing a learner centered school culture, planning for the improvement of instruction, school finance management, supervising employees, providing a safe school environment, promoting student health and welfare, and initiating, managing, and evaluating change. Required for SBL, SDL and Master’s degree.
Offered: fall, spring, & summer; online only.

EDA 655 School & Community Relations 3 Credits
This course is designed to empower school administrators to mobilize community resources and create partnerships that enhance and drive a school culture where all youth can succeed. The changing school in the changing community will be discussed, as well as principles of effectiveness and mandates involved in maintaining a desirable relationship between schools and community stakeholders. The course will incorporate research-based strategies and experiential activities that can effect positive school community change in an era of diminishing resources. This course will also discuss powerful avenues to current school/community challenges such as character education, school violence prevention, overcoming barriers to learning, and academic reinforcement. Elective course.
Offered: fall.

EDA 656 Technology Tools For The Administrator 3 Credits
This course is designed to give candidates a comprehensive overview of technology and its application to education today. Candidates will learn to use technology and information systems to enrich curriculum and instruction. Current technologies for school management, information retrieval, and staff development will be explored. Candidates will become critical consumers of technology and will utilize actual school and district data to develop and monitor long range plans, thus discovering the impact of technologies on student outcomes and school operations. Candidates will also examine social and ethical issues surrounding the use of technology within the educational arena. Elective course.
Offered: spring, online only.

EDA 657 Development Of Urban Teachers 3 Credits
This course addresses the difference between new urban teachers and new suburban teachers and identifies how appropriate, relevant professional development can have a positive impact on new teacher turnover. Topics for professional development include classroom management, appropriate assessment, mentoring, and the importance of teacher dispositions. Elective course.
Offered: summer, online only.

EDA 658 Advanced Clinical Instructional Supervision 3 Credits
This course will focus on the tools needed for clinical instructional supervision in New York State. Students will be introduced to state-approved models including Class, Danielson’s Framework for Teaching, Marzano’s Teacher Evaluation Rubric, Marshall’s Teacher Evaluation Rubric, NYSTCE Framework for the Observation of Effective Teaching, NYSUT Teacher Practice Rubric, and the Thoughtful Classroom Teacher Effectiveness Framework. Elective course.
