

CRIMINAL JUSTICE (BS)

Introduction

Criminal justice is an umbrella term that refers to the laws, procedures, policies and institutions involved in defining, investigating, prosecuting and punishing criminal behavior. Criminal justice is a multidisciplinary field that reflects development in legal theory, social science, and changes in legal systems. The Canisius University Criminal Justice Major is grounded in a liberal arts curriculum; it emphasizes how the criminal justice system has developed in its present form and how its changes affect other parts of society. The major prepares students for a broad spectrum of occupations, including law enforcement, courts, corrections, border security, and social service related to criminal justice. Students wishing to attend Law School can use the college's Pre-Law program.

Qualifications

Students must have a minimum grade of C- in all required courses and maintain a 2.0 GPA in their major and a 2.0 overall average to graduate with a degree in Criminal Justice.

Advisement

All students should have an advisor in the major and should contact the department directly to have an advisor assigned if they do not already have one. Meetings with academic advisors are required prior to students receiving their PIN for course registration each semester. All majors should work closely with their advisor in discussing career expectations, choosing their major electives, developing their entire academic program and planning their co-curricular or supplemental academic experiences.

Students should consult with Dr. Anita Butera, Director of Criminal Justice, for current advisement information.

Double Majors

Students who wish to expand their educational opportunities may decide to declare a double major. This decision may be based on career goals, planned graduate studies, and/or other student interests. Before a student declares a double major, it is important to meet with the appropriate academic departments for advisement. In order to declare a double major, the student must complete the Major/Minor Declaration form. This form will be submitted electronically and reviewed and approved by each department chairperson as well as the appropriate associate dean.

Per university policy, each additional major requires a minimum of 15 credits that do not apply to the student's first or subsequent major. Some double major combinations can be completed within the minimum 120 credit hour degree requirement, but in other cases additional course work may be required. Please note that students will receive only one degree unless completing the dual degree (<https://catalog.canisius.edu/undergraduate/academics/curricular-information/>) requirement including at least 150 undergraduate credit hours, regardless of the number of majors they complete. Both (all) majors appear on a student's transcript.

Many of the department's majors combine criminal justice with a second major in another discipline, such as psychology, political science, sociology, history, modern languages, and communication studies.

Minors in Other Disciplines

Minors provide students the opportunity to pursue additional interests but generally do not require as many courses as a major. Minors generally

range from five to eight required courses. To receive a minor, the student must complete at least 9 credit hours of coursework distinct from their other credentials (i.e., majors, other minors). The complete list of minors is available on the Canisius website (<https://www.canisius.edu/academics/programs/undergraduate/?type%5B%5D=17>) and in the catalog (<https://catalog.canisius.edu/undergraduate/minors/>) and provides links to each minor. Some majors and minors can be completed within the minimum 120 credit hour degree requirement, but in some cases additional coursework may be required. Students must complete the appropriate minor request form.

Curriculum

An Ignatian Foundation

All undergraduate students must complete either the Canisius Core Curriculum (<http://catalog.canisius.edu/undergraduate/academics/curricular-information/core-curriculum/>) or the All-College Honors Curriculum (<http://catalog.canisius.edu/undergraduate/academics/curricular-information/all-college-honors-program/>). Many schools refer to their college-wide undergraduate requirements as "general education" requirements. We believe that the core curriculum and the honors curriculum are more than a series of required classes; they provide the basis for a Jesuit education both with content and with required knowledge and skills attributes that are central to our mission.

Free Electives

Students may graduate with a bachelor's degree with more but not less than 120 credit hours. Free electives are courses in addition to the Canisius Core Curriculum or All-College Honors Curriculum and major requirements sufficient to reach the minimum number of credits required for graduation. The number of credits required to complete a bachelor's degree may vary depending on the student's major(s) and minor(s).

Learning Goals and Objectives

Student Learning Goal 1

Criminal Justice Majors will DEMONstrate that they can critically analyze the concept of crime and criminal justice as well as the role that both have in society.

Students will:

- **Objective A:** Apply the scientific method to the understanding of crime and criminal justice;
- **Objective B:** Critically evaluate research in the fields of criminology and criminal justice.

Student Learning Goal 2

Criminal Justice majors will ACQUIRE THE KNOWLEDGE NECESSARY TO SUCCEED IN THE FIELD OF CRIMINAL JUSTICE AND IN GRADUATE SCHOOL.

Students will:

- **Objective A:** Become familiar with concepts, theories, and theorists in the fields of criminology and criminal justice;
- **Objective B:** Apply concepts, theories, and theorists to the understanding of real-world situations in the fields of Law, Criminal Justice System, and society.

Student Learning Goal 3

Criminal Justice majors will APPRECIATE DIVERSITY AND THE IMPORTANCE OF RESPECTING THE LEGAL RIGHTS AND THE DIGNITY OF EVERY PERSON.

Students will:

- **Objective A:** Understand the role that diversity has in the Criminal Justice System and in Society both in the present and the past;
- **Objective B:** Appreciate and recognize human diversity both theoretically and in the practice of the profession.

Minors

- Justice Minor (<http://catalog.canisius.edu/undergraduate/college-arts-sciences/criminal-justice/criminal-justice-minor/>)

Related Interdisciplinary Minors

- Forensic Psychology (<http://catalog.canisius.edu/undergraduate/college-arts-sciences/psychology/forensic-psychology-minor/>)
- Biology (For Non-Majors) (<http://catalog.canisius.edu/undergraduate/college-arts-sciences/biology/general-minor/#curriculumtext>)

*Criminalistics course CRJ 390 recommended in addition to the minor requirements.

Minors are an important part of the undergraduate curriculum. If students declare a minor by sophomore year, they can usually complete it in a timely manner. Students should work with their advisor to determine if it is possible that the minor can be completed by graduation.

To receive a minor, a student must complete at least 9 credit hours of coursework distinct from their major(s) and from other minors, and students must complete more than 50% of the coursework required for the minor at Canisius. Please note that “ancillary/supporting” courses required for a major may still count as distinct courses as long as the remaining coursework still meets the 30 credit-hours required for a major. For more information about minor policies, please see the Declaring Majors and Minors (<http://catalog.canisius.edu/undergraduate/academics/student-records/declaring-majors-minors/>) page in the catalog.

Courses

CRJ 121 Introduction to Criminal Justice 3 Credits

Analyze the US Criminal Justice System, focusing on the history, structure, and functioning of police, courts, corrections, and the juvenile delinquency system. This course highlights the inherent tension between security and civil rights within the larger context of US Criminal Justice System reforms.
Offered: every fall.

CRJ 222 Introduction to Criminology 3 Credits

This course introduces students to the critical analysis of crime from different theoretical perspectives. It analyzes the role that theories of crime have in defining criminal justice policies. It examines selected crimes, such as terrorism and white collar crimes, as examples of the critical concept of crime.

Prerequisite: A minimum grade of C- in CRJ 121.

Fulfills College Core: Field 5 (Social Sciences)

Offered: every spring.

CRJ 250 Criminal Law and Procedure 3 Credits

The substantive criminal law, including offenses against persons, property and public morality with emphasis on New York State Penal Law. Criminal responsibility and defenses. In addition key Supreme Court decisions on the criminal justice related constitutional amendments (4th, 5th, 6th and 8th amendments). Finally, Appeals and post-conviction relief will be discussed.
Prerequisite: A minimum grade of C- in CRJ 222.

Offered: every fall.

CRJ 275 Criminal Courts 3 Credits

This course will explore the legal, social and political institutions that affect the dynamics of the criminal process. Topics will include the adversarial process and the decision-making of different participants in the system. The course will also look at the interrelationships that affect and influence court decisions and justice. A thorough examination of this subject will lead to a better understanding of criminal courts and its function within the criminal justice system.

Prerequisite: CRJ 121 and CRJ 222.

Offered: occasionally.

CRJ 280 Legal Writing and Advocacy I 3 Credits

Explores the use of language in the administration of law, including ways to read and brief cases and to read statutes.

Fulfills College Core: Justice, Oral Communication

Offered: spring.

CRJ 285 Legal Writing and Advocacy II 3 Credits

Introduces undergraduates to the practical written and oral application of legal principles by giving them basic tasks a lawyer would perform. Students gain a basic knowledge of the legal system and legal culture, and they also learn to analyze fact situations to spot and present legal issues from different perspectives: the defense, the plaintiff/prosecutor, the judge, and law enforcement. Class discussion includes legal, political, social, and moral implications of facts and law necessary to understand fact-based legal scenarios and to complete the following written assignments expressing this understanding:

Fulfills College Core: Advanced Writing-Intensive

Offered: every fall.

CRJ 300 Special Topics in Criminal Justice 3 Credits

Critical examination of a selected topic in criminal justice. Subject matter determined by the instructor.

CRJ 325 Corrections and Restorative Justice 3 Credits

Explores the history and theoretical assumptions of corrections in the US. It emphasizes the significance of social inequality, especially race/ethnicity, gender, and social class, for the understanding of crime and the criminal justice system. Restorative justice theory, practices, and policies are examined as tools to mitigate the harm of discriminatory practices in the administration of justice.

Prerequisite: A minimum grade of C- in CRJ 121 and CRJ 222.

Offered: every fall.

CRJ 330 Current Issues in Forensic Psychology 3 Credits

Application of the science of psychology to questions and issues relating to criminal law and the criminal justice system. Topics discussed include competency to stand trial, assessment of mental state for an insanity plea, and prediction of violence and assessment of risk.
