PROFESSIONAL STUDENT ORGANIZATIONS

The WSB sponsors a number of professional student organizations that provide a range of professional development opportunities for students preparing for careers in business. These organizations host workshops, seminars, networking events and tours of local businesses. Many of the student groups engage in community-based projects, using their business skills to help others and create a positive impact on the local economy. Some of the groups participate in competitions with other colleges from across the country. These competitions give students an opportunity to develop their skills and gain national recognition. The professional student organizations in the Wehle School of Business have been recognized by a number of external industry groups for their exceptional programming, leadership and success in competitions. Students are encouraged to become active in a professional student group early in their college career. Current student groups include:

- The Collegiate Entrepreneurs' Organization (CEO)
- Enactus
- The Accounting Society
- The Society for Human Resource Management (SHRM)
- The Association for Operations Management (APICS)

EXTERNAL BUSINESS PROGRAMS
Center for Professional Development
The WSB houses the Center for Professional Development (CPD), which delivers executive education and lifelong learning opportunities for individuals and businesses throughout the Western New York region and beyond. The CPD’s diverse program options provide individuals with opportunity to advance their career, regardless of role or experience. Led by distinguished Faculty at Canisius College as well as by Western New York business experts, the CPD’s programs are targeted at enhancing the skills leaders require to be successful in today’s business climate. Located on the Main St. campus of Canisius College in Science Hall, many of the non-credit bearing seminars, professional development workshops, training and other programs offered by the CPD are open to enrollment by students, alumni and members of the community.

The Women’s Business Center
Located in Demerly Hall, just a short distance from the Main St. campus, the Women’s Business Center (WBC) empowers entrepreneurs to succeed through education, connections and community by developing leaders, fostering opportunities and building collaboration. The WBC was established by the Richard J. Wehle School of Business in 2003 to support the success of entrepreneurs and small business owners with a focus on women in Erie County and the surrounding region including Buffalo, Rochester, Jamestown and Niagara Falls. The WBC provides services in small business development: training, counseling, coaching, and networking. Networking serves as a major component of all programs to ensure that every participant has made appropriate connections with business and community resources. Faculty and students at Canisius frequently connect with area entrepreneurs and small businesses through programs offered by the Women’s Business Center. These connections often result in mutually beneficial relationships that contribute to the economic strength of the local and regional economy. The WBC is directed by Sara Vescio.

COMMITMENT TO BUSINESS ETHICS AND THE COMMUNITY
The Richard J. Wehle School of Business has always promoted ethics and the application of Jesuit values to the personal and professional lives of students, alumni, faculty and other members of our campus community. We believe that ethical behavior is a fundamental requirement for long-term success in business for both individuals and organizations. Our commitment to the promotion of ethics and ethical business behavior runs deep and can be seen in the School’s mission statement, our curriculum, and the actions of our students and faculty as they engage with, and serve others in our local, regional and international community. In addition to teaching and promoting ethics in our academic programs, the Wehle School of Business is a founding partner in the Buffalo Niagara Business Ethics Association (BNBEA) (http://buffalonicethics.org). The BNBEA was established over a decade ago to honor companies that demonstrate a firm commitment to ethical business practices in daily operations, management philosophies, and responses to crises or challenges. Each year since 2007, the organization has honored small, medium and large businesses that have distinguished themselves by virtue of their ethical principles and behavior. Companies recognized by the BNBEA receive the organization’s Crystal Award at an annual ceremony held in the spring. Three of the seven members of the BNBEA Board of Directors are affiliated with the Wehle School of Business and students from the One-Year MBA program play a critical role in judging the applications of companies nominated for the Crystal Award.

**PROGRAM DESCRIPTION**

This program enables qualified students in most majors to earn an undergraduate degree and a Master in Business Administration (MBA) within a five-year period. During the first three years, students take courses to fulfill their core curriculum and major-area requirements, saving electives for their senior year. In their senior year, students complete their undergraduate requirements and use free electives to take a series of introductory graduate courses. They complete the MBA requirements in the fifth year. Students with AP credits or transfer credits may be able to complete the program in less than five years.

Students may have to take more than the normal 15 credit hours per semester in the fourth year in order to satisfy the requirements of their undergraduate major and complete the MBA program by the summer of their fifth year. This will depend upon the number of credit hours remaining in their undergraduate program at the beginning of the fourth year.

Waivers for MBA classes are based on equivalent courses taken at Canisius College. MBA courses in economics, statistics and accounting may be waived for students who achieve a grade of B or higher in ECO 101 - ECO 102, ECO 255 - ECO 256, and ACC 201 - ACC 202 (or ACC 211 - ACC 212) respectively. MBA courses in organizational behavior, marketing, operations management and finance may be waived for students in those majors. See Dean McEwen for further information on waivers.

**BS/BA DUAL DEGREE ADMISSION**

Application is made by students in the spring semester of their junior year. The Graduate Management Admission Test (GMAT) is required. Admission to the program will require meeting current MBA admission standards. Since individual programs of study are custom designed, interested students should meet with Dean McEwen as early as possible in their academic careers. The graduate section of the program is designed specifically for each student on the basis of his/her undergraduate experience and will vary from student to student. Hence, early and continuous advisement is important. Students in majors with relatively few free electives, e.g. business, science or education, are especially encouraged to consult with Dean McEwen early in their academic careers to ensure timely completion of required courses. For further information, contact Laura McEwen, Assistant Dean of the Wehle School of Business and Director of the MBA Program.
