COMMUNITY & SCHOOL HEALTH - CSH

CSH 520 Leadership Initiatives in Community and School Health   3 Credits
This course is designed to expand the student’s knowledge of a variety of leadership concepts and explore how these concepts can be integrated into community and school health settings. Students will examine organizational systems and structures, leadership styles, change theory, conflict and power, and coalition building.
Offered: every fall, online only.

CSH 530 State of the Nation’s Child   3 Credits
This course is an exploratory course on the national and statewide issues impacting the health of the nation’s children with a focus on poverty, child welfare, and youth at risk.
Offered: every fall, online only.

CSH 550 Health Impacts on Academic Success K-12   3 Credits
This course addresses the growing number of health issues unique to the school age child K-12. Topics such as expanding chronic health problems and diseases linked to teen lifestyle choices will be explored and discussed.
Offered: every spring, online only.

CSH 670 Health Care and Public Policy   3 Credits
This course expands the student’s knowledge of the U.S. healthcare system and fosters understanding of the process of public policy development. Political policy debates related to school health are discussed.
Offered: every spring, online only.
