DUAL DEGREE - BA OR BS IN CONTENT AREA AND STUDENTS WITH DISABILITIES GENERALIST 7-12 (MSED)

Department Co-Chairs: Kelly A. Harper, PhD and Marya Grande, PhD

Canisius College is now offering dual bachelor’s and master’s degrees for content area majors who wish to become teachers. Content areas include Biology, Chemistry, English, Mathematics, and History. Students in this program are advised as undergraduates to add certain education courses as electives so they are prepared for both Adolescence Education 7-12 certification in their content area and Adolescence 7-12 Teaching Students with Disabilities Generalist certification.

These programs were created because there is a growing shortage of teachers in Adolescence Teaching Students with Disabilities. Candidates completing this program will earn a BA/BS in their content area and a MSEd, and will be certified to teach in mainstream and special education classrooms.

Grade Requirements

Graduate students enrolled in initial certification programs must achieve a C or above in all prerequisite coursework and a B- or above in all graduate program coursework. Failure to meet these requirements will require repeating the course &/or completing additional coursework.

Licensure Disclosure

Canisius College cannot determine whether completion of this program would be sufficient to meet licensure requirements outside of New York State for the intended occupation. We advise you to contact your state licensing board or appropriate licensing entity (https://wiki.canisius.edu/x/Hxi8BQ/) to determine whether the program meets requirements for Professional Licensure in the state where you are located or the state in which you intend to pursue licensure. Please contact the associate dean of your school if you have further questions.

Curriculum

The dual degree programs offer a BA/BS in the content area as well as a MSEd in Adolescence 7-12 Teaching Students with Disabilities Generalist. This dual degree program also leads to Initial Adolescence certification in the content area as well as Initial certification in Adolescence 7-12 SWD Generalist. Since the program leads to two teaching certificates, candidates must meet the content requirements for both certificates over the course of the five years. In some instances, New York State has additional requirements for certification, for example, all candidates certified to teach Students with Disabilities need two math courses. These are identified as appropriate.

Undergraduate Requirements

An Ignatian Foundation

All undergraduate students must complete either the Canisius Core Curriculum (http://catalog.canisius.edu/undergraduate/academics/curricular-information/core-curriculum/) or the All-College Honors Curriculum (http://catalog.canisius.edu/undergraduate/academics/curricular-information/all-college-honors-program/). Many schools refer to their college-wide undergraduate requirements as “general education” requirements. We believe that the core curriculum and the honors curriculum are more than a series of required classes; they provide the basis for a Jesuit education both with content and with required knowledge and skills attributes that are central to our mission.

Content Areas

BIOLOGY

The Biology major (http://catalog.canisius.edu/undergraduate/college-arts-sciences/biology/) (please see the BIO-MSEd Dual Degree Curriculum and Roadmap tabs within the major) meets the biology content requirement for certification in Adolescence 7-12 Biology. Candidates also need to take 3 credit hours in a LOTE (Language other than English) and 3 additional credits in History.

CHEMISTRY

The Chemistry major (http://catalog.canisius.edu/undergraduate/college-arts-sciences/chemistry/) (please see the Chemistry BS-MSEd Dual Degree Curriculum and Roadmap tabs with the major) meets many of the state certification requirements in Chemistry. Candidates also need to take 3 credit hours in a LOTE (Language other than English) and 3 additional credits in History.

ENGLISH

The English major (http://catalog.canisius.edu/undergraduate/college-arts-sciences/english/english/) (please see the English-MSEd Dual Degree Curriculum and Roadmap tabs with the major) meets the English content requirements for certification in Adolescence 7-12 English. Candidates also need to take 3 credit hours in a LOTE (Language other than English) and 3 additional credits in Math, Science, and History.

MATHEMATICS

The Mathematics & Statistics major (http://catalog.canisius.edu/undergraduate/college-arts-sciences/mathematics-statistics/) (please see the Mathematics BA-MSEd Dual Degree Curriculum tab with the major) meets the Mathematics content requirements for certification in Adolescence 7-12 Mathematics. Candidates also need to take 3 credit hours in a LOTE (Language other than English) and 3 additional credits in History.

SOCIAL STUDIES (HISTORY)

The History major (http://catalog.canisius.edu/undergraduate/college-arts-sciences/history/) (please see the History BA/MSEd Dual Degree Curriculum and Roadmap tabs with the major) meets many of the state certification requirements in Social Studies. In addition, Social Studies candidates need to take a course in geography, cultural studies, political science or government, and economics. It may be possible to find a history course that also includes content in one of these areas. Candidates need to take 3 additional credits in Math and Science.

Education Course List:

The education curriculum is provided below. Notice that several foundation courses are taken at the undergraduate level intermingled with other undergraduate requirements. The graduate courses begin at the 500 level and continue until completion. These dual degree programs can be completed in as little as 5 years if some summer coursework is included.

The education curriculum is provided below for the MSEd portion of the dual degree programs. Notice that several foundation courses are taken at the
