Teaching Students with Disabilities - Adolescence (MSEd)

Chair: Barbara Burns, PhD

The Special Education Master of Science Degree Program at Canisius is designed for those dedicated to meet the needs of students with disabilities, placing a strong emphasis on theory, research and practicum experience. The curriculum enables candidates to develop an understanding of etiology, related psychological and social factors and techniques proven effective for teaching students with diverse learning needs.

This program prepares candidates already holding an Adolescence Certificate (Grades 7-12) to gain Initial and Professional Certification in Students with Disabilities Adolescent Generalist and may also add a SWD content extension in their Adolescence subject area. Candidates with no prior certification and no content major may also take this program but will be required to have or complete 5 prerequisite courses and complete a second student teaching placement. These candidates will also gain Initial and Professional Certification in Students with Disabilities Adolescent Generalist but they will only qualify for a SWD subject area extension if they have 18 credits in an academic subject area.

Initial SWD Adolescence Generalist 7-12 Prerequisites for Those Without Prior Certification

Adolescence Human Growth & Development, Inclusive Strategies, Foundations of Adolescent Literacy, Evaluation & Teaching Strategies, and Foundations of Education. These prerequisites may be taken at the graduate or undergraduate level, at Canisius or another college offering teacher certification programs, and may be taken concurrent with the graduate program.

Middle Childhood

Candidates wishing to obtain an extension to teach grades 5-6 in their content area must add a middle childhood extension (http://catalog.canisius.edu/graduate/school-education-human-services/educator-preparation/middle-childhood-extension/).

SWD Generalist Content-Area Extensions

The Adolescence Students with Disabilities Generalist certification is not attached to typical adolescence content areas. If a candidate has earned 18 credits in an academic subject area, they will be qualified to add a certificate extension in their content area to their Students with Disabilities Generalist certificate for grades 7-12.
