ADMISSION

The Advanced Certificate Programs are open to any qualified holder of a bachelor's degree from a recognized college or university regardless of the undergraduate major field of study. The goal of the admission policy is the selection of those candidates who indicate the greatest potential for academic and professional achievement. The candidate for admission to graduate study must present evidence of qualifications to participate successfully in a graduate level academic endeavor.

course waivers

Students may be eligible for up to 6 cr hrs of course waivers based on previous course work. Waivers will be evaluated at the time of admission.
