Strategic Communication (BA)

Chair: John S. Dahlberg, PhD

Introduction

The Strategic Communication major underscores themes and strengths that align with the Jesuit philosophy of creating ethical, credible, and inclusive messages for audiences. The program emphasizes message design and delivery in organizations and media; inclusiveness, with a focus on diversity; and mastery and application of media tools for appropriate and effective delivery of specialized content.

Strategic Communication majors will study how and why individuals and organizations design and disseminate messages to accomplish specific goals. Majors will learn to apply strategic communication techniques that emphasize inclusiveness and effectiveness in different types of corporate and non-corporate settings including non-profit, for-profit, government, and health-related organizations. The strategic communication major will focus on how media creates and disseminates messages purposefully to influence diverse audiences. Majors will become skilled creators and critical consumers of media content. They will also learn to design and deliver credible, ethical, inclusive, and effective messages in the context of media and non-media organizations. Majors will learn how messages are used by corporations to cultivate relationships in the workplace and to advance an organization’s mission, services, and vision through persuasive messaging in the broad organizational context, by exploring the use of communication campaigns.

Strategic Communication majors:

- are competent and dynamic writers and speakers
- understand communication theories, models, and concepts
- understand how to conduct and critically evaluate research
- understand how to design and assess messages in corporations and media
- apply problem solving and critical thinking skills to projects
- understand how to cultivate and maintain relationships at work and with clients
- apply persuasive skills and assess outcomes
- work with a variety of technology formats
- are proficient in the use of various media platforms
- work independently and as part of a team
- evaluate ideas and structures in communication events
- adapt messages to needs of diverse publics

For a more detailed description of the program, faculty, facilities, academic and co-curricular opportunities please go to the Strategic Communication website (https://www.canisius.edu/academics/programs/communication-studies/).

Qualifications

Majors must have a cumulative GPA of at least 2.0, a minimum grade of C- in all communication courses, and a minimum overall average of 2.0 in all communication coursework. Performance of majors is subject to review relative to their continuation in the program. Strategic Communication majors select an academic concentration within the Strategic Communication major and need at least 36 hrs. of communication courses (33 hrs. for double majors).

Advisement

All students should have an advisor in the major and should contact the department directly to have an advisor assigned if they do not already have one. Meetings with academic advisors are required prior to students receiving their PIN for course registration each semester. All majors should work closely with their advisor in discussing career expectations, choosing their major electives, developing their entire academic program and planning their co-curricular or supplemental academic experiences.

Strategic Communication majors are assigned an advisor at the beginning of their freshman year. If you are a transfer into the Strategic Communication major or you do not have an advisor, please contact the Communication departmental office at 716-888-2115 so that an advisor can be assigned to you.

Major Experiences

Internships (COM 488, COM 498) awarding up to a maximum of 12 credit hours may be earned by qualified Strategic Communication majors at approved locations in Buffalo or other cities. The internships are individually arranged, require department approval and are available only to junior or senior candidates with a cumulative GPA of at least 2.5 and a Communication average of at least 2.7. Internships are taken on a Pass/Fail basis and are counted towards free elective credit. Students are encouraged to plan early to do internships during their junior and senior years. Interested majors should consult with their advisor or see the department chair for more information.

Double Majors

Students who wish to expand their educational opportunities may decide to declare a double major. This decision may be based on career goals, planned graduate studies, and/or other student interests. Before a student declares a double major, it is important to meet with the appropriate academic departments for advisement. In order to declare a double major, the student must complete the appropriate double major request form and get the signature of each department chairperson and the appropriate associate dean.

Per college policy, each additional major requires a minimum of 15 credits that do not apply to the student’s first or subsequent major. Some double major combinations can be completed within the minimum 120 credit hour degree requirement, but in other cases additional course work may be required. Please note that students will receive only one degree, regardless of the number of majors they complete. Both (all) majors appear on a student’s transcript.

Double majors with Strategic Communication are available with the permission and guidance of both chairs. Students complete a minimum of 33 credit hours of communication courses. Strategic Communication double major sequences allow several different choices; among those most frequently involved are digital media arts, journalism, political science, psychology, sociology, English, creative writing, history, marketing and modern languages. Each Strategic Communication and double major is assigned a department faculty advisor for the purpose of planning an individual program that will satisfy the department’s requirements and the student’s personal goals. Course selections develop from communication major requirements, prerequisites, recommended sequences and communication electives. Strategic Communication students who are double majors and successfully complete 3 or more credit hours in Internships.
Depending on the student’s major(s) and minor(s), the number of credits required to complete a bachelor’s degree may vary. The Core Curriculum or All-College Honors Curriculum and major requirements are more than 120 credit hours. Free electives are courses in addition to the Canisius Core Curriculum and the All-College Honors Curriculum. Students may graduate with a bachelor’s degree with more but not less credits than 120 credit hours. Free electives are courses in addition to the Canisius Core Curriculum and the All-College Honors Curriculum. Additionally, for students with a double major outside the Department of Communication, students may double count up to 9 credit hours of electives between the two majors. Please note, however, that the second major may not necessarily allow double counting of credits. For more information, please contact the department chair.

**Minors in Other Disciplines**

Minors in Other Disciplines provide students the opportunity to pursue additional interests but generally do not require as many courses as a major. Minors generally range from five to eight required courses. To receive a minor, the student must complete at least 9 credit hours of coursework distinct from their other credentials (i.e., majors, other minors). The minors page (http://catalog.canisius.edu/undergraduate/minors/) provides a complete list of minors and provides links to each minor. Some majors and minors can be completed within the minimum 120 credit hour degree requirement, but in some cases additional coursework may be required. Students must complete the appropriate minor request form.

**Curriculum**

**An Ignatian Foundation**

All undergraduate students must complete either the Canisius Core Curriculum (http://catalog.canisius.edu/undergraduate/academics/curricular-information/core-curriculum/) or the All-College Honors Curriculum (http://catalog.canisius.edu/undergraduate/academics/curricular-information/all-college-honors-program/). Many schools refer to their college-wide undergraduate requirements as “general education” requirements. We believe that the core curriculum and the honors curriculum are more than a series of required classes; they provide the basis for a Jesuit education both with content and with required knowledge and skills attributes that are central to our mission.

**Free Electives**

Students may graduate with a bachelor’s degree with more but not less than 120 credit hours. Free electives are courses in addition to the Canisius Core Curriculum or All-College Honors Curriculum and major requirements sufficient to reach the minimum number of credits required for graduation. The number of credits required to complete a bachelor’s degree may vary depending on the student’s major(s) and minor(s).

1 Students interested in declaring double majors within the Department of Communication (Strategic Communication in combination with Digital Media Arts, Integrated Marketing Communication, or Journalism) will be allowed to share a maximum of 9 credits between the two majors. This requires 24 distinct credits for strategic communication, 27 distinct credits for digital media arts, 36 distinct credits for integrated marketing communication, and 24 distinct credits for journalism. Additionally, for students with a double major outside the Department of Communication, students may double count up to 9 credit hours of electives between the two majors. Double majors in Communications and another social science (e.g., Political Science, Psychology, Sociology, or Criminal Justice) may elect to substitute PSY 202, SOC 342, ANT 351, or HSV 303. Please consult with your advisor or the department chair for details.

Learning Goals & Objectives

These learning goals and objectives apply to all Strategic Communication majors.

Student Learning Goal 1:

Strategic Communication majors will be critical thinkers who apply communication theories and concepts in life situations.

Students will:
- Objective 1: Demonstrate advanced skills in analyzing research.
- Objective 2: Apply targeted communication theories and constructs to specific projects or situations.

Student Learning Goal 2:

Strategic Communication majors will design and deliver effective messages.

Students will:
- Objective 1: Demonstrate an understanding of the intended audience
- Objective 2: Determine appropriate means of communication to reach that audience.
- Objective 3: Demonstrate an ability to design and deliver messages.

Minors

- Communication Studies Minor (p. 3)
- Leadership Minor (p. 4)

Minors are an important part of the undergraduate curriculum. If students declare a minor by sophomore year, they can usually complete it in a timely manner. Students should work with their advisor to determine if it is possible that the minor can be completed by graduation.

To receive a minor, a student must complete at least 9 credit hours of coursework distinct from their major(s) and from other minors, and students must complete more than 50% of the coursework required for the minor at Canisius. Please note that “ancillary/supporting” courses required for a major may still count as distinct courses as long as the remaining coursework still meets the 30 credit-hours required for a major. For more information about minor policies, please see the Declaring Majors and Minors (http://catalog.canisius.edu/undergraduate/academics/student-records/declaring-majors-minors/) page in the catalog.

Communication Minor

The Communication department offers a general Communication minor for students wishing to add the study of communication to their curricula. Students need to complete 18 credit hours of Strategic Communication courses, based on the following requirements:

Prerequisite: junior or senior standing; & permission of instructor, chair, & associate dean. Restriction: must be COM major.

This major will be discontinued and replaced with the Strategic Communication major requirements. No new student will be able to declare this major after September 30, 2021. Students who have declared this major prior to September 30, 2021 will use these standards to complete the program requirements.

Overview
The Communication Studies major is grounded firmly in the liberal arts tradition. The Communication Studies curriculum reflects an equal interest in what is communicated within and between cultures and in how communication takes place in relational (intrapersonal/interpersonal), organizational and mediated contexts. The department’s curriculum addresses three major facets of the academic study of communication: theory, criticism and professional skills. In the Communication Studies program, students examine the dynamic nature of modern communication processes and technologies by emphasizing the theory, structure, function, value systems and effects of society’s communication institutions. In practical terms, students examine how we communicate as families, couples and friends. We study how we interact in work and corporate settings; how we persuade and are persuaded, as individuals, professionals and intended targets; and how we affect others through various media, from oral to written to electronic to digital. The program offers students a variety of opportunities to acquire professional knowledge, skills and production competencies relevant to diverse careers in many communication-related fields. Recognizing the need to prepare students for productive lives in a changing world, the department aims at educating its graduates to welcome change. In a rapidly changing and highly competitive job market, the Communication Studies faculty provides the foundation on which to build meaningful roles in the contemporary world. Students may concentrate in Media Studies, Advertising and Public Relations, and/or Relational/Organizational Communication. For a more detailed description of the program, faculty, facilities, academic and co-curricular opportunities please go to the Communications Studies website (https://www.canisius.edu/academics/programs/communication-studies/).
Qualifications
Majors must have a cumulative GPA of at least 2.0, a minimum grade of C- in all communication courses, and a minimum overall average of 2.0 in all communication coursework. Performance of majors is subject to review relative to their continuation in the program. Communication Studies majors select an academic concentration within the Communication major and need at least 36 hrs. of communication courses (33 hrs. for double majors).

Communication Studies majors are assigned an advisor at the beginning of their freshman year. If you are a transfer into the Communication Studies major or you do not have an advisor, please contact the Communication Studies departmental office at 716-888-2115 so that an advisor can be assigned to you.

Major Experiences
Internships (COM 488, COM 498) awarding up to a maximum of 12 credit hours may be earned by qualified Communication Studies majors at approved locations in Buffalo or other cities. The internships are individually arranged, require department approval and are available only to junior or senior candidates with a cumulative GPA of at least 2.5 and a Communication average of at least 2.7. Internships are taken on a Pass/Fail basis and are counted towards free elective credit. Students are encouraged to plan early to do internships during their junior and senior years. Interested majors should consult with their advisor or see the department chair for more information.

Double majors with Communication Studies are available with the permission of both chairs. Students complete a minimum of 33 credit hours of communication courses. Communication Studies dual major sequences allow several different choices; among those most frequently involved are digital media arts, journalism, political science, psychology, sociology, English, creative writing, history, marketing and modern languages. Each Communication Studies and dual major is assigned a department faculty advisor for the purpose of planning an individual program that will satisfy the department’s requirements and the student’s personal goals. Course selections develop from communication major requirements, prerequisites, recommended sequences and communication electives. Communication Studies students who are double majors and successfully complete 3 or more credit hours in Internships (COM 488, COM 498) are required to complete 30 hours of in-class credit in order to complete the Communication Studies major (i.e., not 33 or 36 in-class hours).
