JOURNALISM (BS)

Director: Barbara J. Irwin, PhD

Introduction
The Department of Communication’s major in journalism integrates deep, socially responsible reporting and writing with appropriate digital media. Students seeking a Bachelor of Science degree in journalism tell true stories across print, broadcast, online and mobile platforms. In keeping with the trend toward media convergence, they think visually, use social media to report and promote stories and design multimedia publications.

For additional information about the major visit the Journalism website (https://www.canisius.edu/academics/programs/journalism/).

Qualifications
Journalism majors must have a cumulative GPA of at least 2.0, a minimum grade of C- in all required journalism courses, and a minimum overall average of 2.0 in all journalism coursework. The performance of all majors is subject to review relative to their continuance in the program. Journalism majors need at least 36 hours of journalism courses (or 33 hours for double majors).

Advisement
All students should have an advisor in the major and should contact the department directly to have an advisor assigned if they do not already have one. Meetings with academic advisors are required prior to students receiving their PIN for course registration each semester. All majors should work closely with their advisor in discussing career expectations, choosing their major electives, developing their entire academic program and planning their co-curricular or supplemental academic experiences.

A journalism major is assigned an advisor at the beginning of the freshman year. Those who transfer into the journalism major should contact the Communication office at 888-2115 to be assigned an advisor.

Double Majors
Students who wish to expand their educational opportunities may decide to declare a double major. This decision may be based on career goals, planned graduate studies, and/or other student interests. Before a student declares a double major, it is important to meet with the appropriate academic departments for advisement. In order to declare a double major, the student must complete the appropriate double major request form and get the signature of each department chairperson and the appropriate associate dean.

Per college policy, each additional major requires a minimum of 15 credits that do not apply to the student’s first or subsequent major. Some double major combinations can be completed within the minimum 120 credit hour degree requirement, but in other cases additional course work may be required. Please note that students will receive only one degree, regardless of the number of majors they complete.

Students interested in declaring double majors within the Department of Communication (Communication Studies (http://catalog.canisius.edu/undergraduate/college-arts-sciences/communication-studies/), Digital Media Arts (http://catalog.canisius.edu/undergraduate/college-arts-sciences/digital-media-arts/), Integrated Marketing Communication (http://catalog.canisius.edu/undergraduate/college-arts-sciences/integrated-marketing-communication/), or Journalism (p. 1)) will be allowed to share a maximum of 9 credits between the two majors. This requires 24 distinct credits for communication studies, 27 distinct credits for digital media arts, 36 distinct credits for integrated marketing communication, and 24 distinct credits for journalism. Additionally, for students with a double major outside the Department of Communication, students may double count up to 9 credit hours of electives between the two majors. Please note, however, that the second major may not necessarily allow double counting of credits. For more information, please contact the department chair.

Journalism students who are double majors and successfully complete 3 or more credit hours in Internships (JRN 488 or JRN 498) are required to complete 30 hours of in-class credit in order to complete the journalism major. Otherwise, students complete a minimum of 33 credit hours of journalism courses. Students may wish to consider developing a foreign language competency, as well as a specialty in a field such as political science, economics, science, or religion.

Each journalism major and double major is assigned a department faculty advisor to plan an individual program that will satisfy the department’s requirements and the student’s personal goals. Course selections develop from the journalism requirements, prerequisites and electives.

Minors in Other Disciplines
Minors provide students the opportunity to pursue additional interests but generally do not require as many courses as a major. Minors generally range from five to eight required courses. The minors page (http://catalog.canisius.edu/undergraduate/minors/) provides a complete list of minors and provides links to each minor. Some majors and minors can be completed within the minimum 120 credit hour degree requirement, but in some cases additional coursework may be required. Students must complete the appropriate minor request form.

Curriculum
An Ignatian Foundation
All undergraduate students must complete either the Canisius Core Curriculum (http://catalog.canisius.edu/undergraduate/academics/curricular-information/core-curriculum/) or the All-College Honors Curriculum (http://catalog.canisius.edu/undergraduate/academics/curricular-information/all-college-honors-program/). Many schools refer to their college-wide undergraduate requirements as “general education” requirements. We believe that the core curriculum and the honors curriculum are more than a series of required classes; they provide the basis for a Jesuit education both with content and with required knowledge and skills attributes that are central to our mission.

Free Electives
Students may graduate with a bachelor’s degree with more but not less than 120 credit hours. Free electives are courses in addition to the Canisius Core Curriculum or All-College Honors Curriculum and major requirements sufficient to reach the minimum number of credits required for graduation. The number of credits required to complete a bachelor’s degree may vary depending on the student’s major(s) and minor(s).

**Learning Goals & Objectives**

These learning Goals and Objectives apply to all Journalism majors.
Student Learning Goal 1

Majors will understand the history and current state of the profession of journalism.

Students will:
- **Objective A:** Demonstrate a knowledge and understanding of Journalism’s professional qualities and ethical standards, including the need to report facts fairly and accurately.
- **Objective B:** Demonstrate a knowledge and understanding of media law, the First Amendment, Sunshine Laws, and FOIA.

Student Learning Goal 2

Majors will think critically and creatively.

Students will:
- **Objective A:** Understand the nature of current and upcoming events in order to report meaningful news stories.
- **Objective B:** Exercise sound, responsible news judgment even under pressures of immediacy and competition.

Student Learning Goal 3

Majors will write for audience, platform, and message.

Students will:
- **Objective A:** Demonstrate the ability to write lively prose that adheres to the principles of objective news: transparently-sourced claims that are free from the writer’s personal opinion.
- **Objective B:** Demonstrate the ability to write cogently in a structure appropriate for the chosen platform.
- **Objective C:** Demonstrate the ability to produce accurate stories based on facts that they have gathered, verified, analyzed and interpreted, using multiple sources and methods.
