Such a campus recognizes the interdependence of cross-cultural student communities and the integrity of each individual. The college aims for all individuals to feel a sense of inclusion in the college’s mission and activities, particularly those who have been historically marginalized in America primarily due to the color of their skin.

The ALANA Student Center (https://www.canisius.edu/student-experience/student-support-services/alana-student-center/) assists the college in providing services for ALANA students while educating the entire student population about ALANA cultural patterns and trends in higher education. The staff assists students concerning racial perspectives, self-concept issues and participatory involvement within the framework of the campus.

Although primarily co-curricular focused, the ALANA Student Center also serves students as a referral and support unit with respect to other collegiate matters. The Center provides a place for students to share and discuss cross-cultural experiences and to interpret those experiences. By way of this service, and other support services campus-wide, Canisius College provides students with tools essential for their success in school and in the greater community.

In addition to providing for a vital Roman Catholic liturgical and sacramental life, the campus ministry team:

- offers opportunities for spiritual retreats
- organizes opportunities for prayer and small faith communities
- promotes opportunities for service to those in need, both locally and through domestic and international service immersion trips
• promotes ethical values and educates and organizes around issues of social justice and peace

COUNSELING CENTER

The Counseling Center (https://www.canisius.edu/student-experience/student-support-services/counseling-center/) is committed to developing the personal and academic potential of Canisius College students by supporting their emotional well-being through mental health services and wellness education. Professional counseling services are available to all registered students to address concerns that interfere with a student’s functioning, well-being and academic success. In addition to individual and group counseling, counselors are available during and after college business hours for crisis intervention and mental health emergencies. Counselors are also available for consultation and referrals to community resources.

Students who access counseling services are assured confidentiality, unless it is apparent that a student may do harm to self or others. No information about participation in counseling becomes part of any official record. The Counseling Center is located in Bosch Hall Room 105, directly off the lobby of Bosch Hall.

Refer to the Counseling Center website for the most current information on programs, services and scheduling appointments.

THE GRIFF CENTER FOR Student Success

The mission of The Griff Center (https://www.canisius.edu/student-experience/student-support-services/griff-center/) for Student Success is to serve our transformative learning community in the spirit of curapersonalism, care for the whole person, through opportunities and services which develop and empower students to achieve academic and career success.

We are a dedicated team of academic and career coaches committed to student retention and persistence. There are three distinct groups of student development experts working within the Griff Center for Student Success: Academic Achievement Team, Career Development Team, and Support Services Team. Each team is housed together in three locations to effectively serve our students based upon their respective function.

INTERNATIONAL STUDENT PROGRAMS

Whether you are an international student who will study on an F-1 student visa, a visiting student who will be studying abroad for one semester, or an incoming student who did not grow up in the United States, the Office of International Student Programs (https://www.canisius.edu/global-education/international-student-programs/) is here to support you. The Office of International Student Programs (ISP) at Canisius College supports the needs and development of the global student community through advisement and cultural support, in order to assist them in achieving their academic, personal, and professional goals. Other services for international students include an extensive orientation for new students, assistance understanding immigration regulations and workshops on practical training benefits. Global Horizons, a student organization for American and international students, plans additional activities to promote cultural awareness on campus. An example of this is Global Fest, an annual event celebrating different cultures through food tasting, music, performances and crafts from around the world! International students are required to complete an online semester SEVIS registration form at the start of each semester. This form ensures that ISP properly registers them for the semester in the SEVIS (Student Exchange and Visitor Information System). All international students studying on an F-1 or J-1 visa are required by the college to purchase a health insurance plan offered by Canisius College. This plan is designed and written specifically for the health care needs of international students studying in the United States. Information about the required health insurance plan is available here (https://www.canisius.edu/student-experience/student-support-services/student-health/student-health-insurance/).

PUBLIC SAFETY

The Department of Public Safety, located in the basement of the Bosch Residence Hall, is open 24 hours a day, providing around the clock protection and services to the campus community. The department was established to protect the educational environment of Canisius College, keeping the environment free from the threat of physical harm, property damage and disruptive activity. Departmental objectives include aiding in the enforcement of federal, state and local laws; preventing crime; regulating non-criminal conduct and preserving the peace. Uniformed Public Safety Officers, all of whom are sworn peace officers, are on duty 24 hours a day, seven days a week, 365 days a year. Their primary responsibilities include patrolling the campus area on foot, on bicycles and in vehicles; security services; emergency response; and requests for assistance involving members of the campus community.

Public Safety also provides a variety of support services that are tailored to meet the needs of the campus community. These services include conducting crime prevention and personal safety programs, dispatching the campus shuttle system, providing Canisius ID cards, and providing assistance to campus motorists experiencing minor mechanical problems.

For a comprehensive summary of the activities and services provided by Public Safety, visit the Department of Public Safety website (https://www.canisius.edu/student-experience/student-support-services/public-safety/).

Crime Statistics

Canisius College complies with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act by providing available information on campus security and personal safety. This information includes crime prevention, public safety, law-enforcement authority, crime reporting policies, disciplinary procedures and other important matters regarding campus security. Statistics are available from the three previous calendar years on reported crimes that occurred on campus, in certain off-campus buildings or property owned or controlled by Canisius College, and on public property within or immediately adjacent to and accessible from the campus. Upon request, the Canisius College Advisory Committee on Campus Safety will provide all campus crime statistics as reported to the United States Department of Education. This information is available on the Public Safety website (https://www.canisius.edu/student-experience/student-support-services/public-safety/)site (http://www.canisius.edu/campus-life/public-safety/policy-laws-stats/). A printed copy may be obtained by calling the office of student affairs at 716-888-2130.

STUDENT HEALTH CENTER

The Student Health Center (https://www.canisius.edu/student-experience/student-support-services/student-health/) staff strives to provide high-quality care that is easy to access, individualized and designed to treat common sicknesses and injuries that slow down healthy college students. Staffed by doctors, a nurse practitioner and registered nurses, each visit
offers an opportunity to feel better and to learn to optimize good health for success in college and beyond.

To ensure the safety of our students and staff, appointments are required. Students wishing to schedule an appointment should call Student Health.

Students can select either a virtual visit over the computer or a face-to-face visit. In some cases, Student Health may recommend one visit type over the other based on the student’s health needs.

All students must wear a mask when they come to Student Health even if fully vaccinated. Student Health will not allow visitors, family or friends to accompany students into Student Health. There is a waiting area outside Student Health for that purpose.

When Student Health is closed, students can visit one of the urgent care centers in Western New York. A list of those centers is located on myCanisiusHealth. These urgent care providers also provide virtual visits.

In the event of a medical emergency on campus, students should contact Public Safety or dial 911.

MyCanisiusHealth (https://canisius.medcatconnect.com/home.aspx) is a web based confidential health portal designed specifically for Canisius students. The portal provides students 24/7 access to self care tips for common illnesses and injuries, health care resources both on and off campus and receive confidential messages from Student Health medical staff. A link to myCanisiusHealth (https://canisius.medcatconnect.com/home.aspx) is located on the student portal.

Student Health does not write medical notes for missed classes or work. Health Center appointment verifications are sent via college email from noreply@medcat each evening. Student Health recommends students share the email verification notice with faculty or employers if proof of a doctor’s appointment is needed.

Student Health requires that students bring copy of their health insurance card to their appointment. Students contact member services at their health plan to learn how their coverage works while at school. The Student Health Center website (https://www.canisius.edu/student-experience/student-support-services/student-health/) provides detailed information about health requirements and links to the required forms.

The Student Health Center website (https://www.canisius.edu/student-experience/student-support-services/student-health/) has detailed information about health requirements and links to the required forms.

Students enrolled in the Physician Assistant Studies program have additional immunization requirements. Information about those requirements and deadline for submission to Student Health is available in the Physician Assistant Program Handbook.

Physical Examination Requirement

All full time undergraduates and all international students (graduate and undergraduate) studying on an F1 Visa are required to submit a complete physical examination form to Student Health by July 31 for fall attendance and January 1 for spring attendance.

Graduate students enrolled in the Physician Assistant Studies Program have an annual physical examination requirement. Information about that requirement and deadline for submission to Student Health can be found in that program’s handbook.

STUDY ABROAD PROGRAMS

Canisius College students who study abroad say it is a life-changing experience which significantly expands their personal and professional horizons. The college offers diverse study abroad opportunities in 13 countries and 22 cities. While several Canisius majors require an international experience, students of all majors should consider study abroad.

Students who study abroad:

• Get jobs. They acquire marketable skills which are sought by potential employers in this global economy. According to an article in the Huffington Post, four out of five business leaders say that if similar candidates were before them and one had study abroad experience
and one didn’t, they’d almost always hire the one with study abroad experience.

- Become more fluent in a foreign language when they immerse themselves in the culture and live among native speakers (however, many locations have no language requirement).
- Develop valuable life skills such as independence, flexibility, cross-cultural awareness/communication and problem-solving.
- Enhance their knowledge of global relations and deepen their knowledge of cultural and societal differences.
- Travel and meet new people and gain confidence.

Additional information about Study Abroad and other international experiences is available at the Global Education website (https://www.canisius.edu/student-experience/global-education/).

STUDENT LIFE (student Involvement)

Campus Programming encourages and promotes involvement and enhances student learning through co-curricular programming opportunities. To help achieve this mission, Campus Programming allows students the opportunity to get involved on campus. Students may choose from a variety of clubs and organizations (https://www.canisius.edu/student-experience/clubs-organizations/), including the Undergraduate Student Association (USA) (https://www.canisius.edu/student-experience/clubs-organizations/undergraduate-student-association/) which is comprised of the entire student body and is represented by an elected group, the Student Senate. The purpose of the Senate is to assist, finance and integrate all student organizations and to represent the views of the student body to the college administration. The Commuter Student Association (CSA) (https://www.canisius.edu/student-experience/student-life-and-housing/commuter-students/) represents all of the commuter students, and the Residence Hall Association (RHA) is the student governing body for the resident students at Canisius. Additionally, there are over 90 student clubs and organizations at Canisius. These organizations provide students with an opportunity to explore an academic subject informally yet deeply, gain familiarity with the arts or with differing cultures, provide service to the college or to the community, develop a wide range of leadership skills, or simply socialize with other students. Various honor societies give recognition to student excellence in numerous areas, and the student-run media on campus, such as the college newspaper (The Griffin) and the campus radio station (WCCG), provide students with opportunities to explore communications media while keeping the college community informed and entertained.

STUDENT LIFE (housing)

Student Life promotes the personal growth of resident students as they adjust to college life and interact with others in the residence halls and the college community.

Canisius College believes that the experience of living on-campus contributes to the development of a well-rounded individual. Student Life creates an environment where students can live, learn and develop leadership skills, and become men and women for and with others.

There are several housing options available to resident students. Bosch and Frisch halls are traditional residence halls for freshman students.
